

Date: 22/12/2016

Dear Director of the National Erasmus+ Office,

We are writing to you to express our willingness to join Erasmus+ Key Action 1 for the students and staff exchange mobility with your universities, therefore, if you could please pass this message to the concerned universities.

Birzeit University is a Private Non-profit Organization, legally registered by the Ministry of Social Affairs as Charitable organization, and accredited by the Ministry of Higher Education as Public non-profit University.

Birzeit University has established joint academic relations with regional and international institutions of higher education to stimulate joint scientific research and promote academic and student exchange, while encouraging the participation of faculty members in curricula development, academic programs and projects. The university has established academic relations with a number of European and international universities through cooperation agreements, memoranda of understanding, and membership in different programs. It is also involved in a number of programs that are sponsored by the European Union (such as, Erasmus +), where it competes with grants for scientific research and academic development.

For more information about the university please don't hesitate to contact us or check the university website <http://www.birzeit.edu/en> .

Dr. Amir Khalil

Officer, External Academic Relations
